HACCP International certifies these pest control products as suitable for use in a HACCP compliant pest control programme. Such products must be applied:

1. by a qualified pest controller
2. in accordance with the pest control sub-section of a HACCP programme
3. in accordance with the manufacturer's recommendations.

Particular attention must be taken when using Phantom and Seclira WSG in food handling areas. Apply these products only inside cracks and crevices, apply only when food handling area not in use. If contact with food or food equipment occurs, report immediately to site personnel.

Licence Commencement	26 June 2018
Certificate Issue Date	16 October 2018

HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.
